Safeguarding Children and Vulnerable Adults

CONTENTS

Introduction

Caring for and safeguarding the vulnerable is central to the Church’s gospel message.

The abuse of a vulnerable person, whether a child or adult tears at the fabric of family and community alike and has far reaching consequences. An incident of abuse can undermine years of dedicated service by a church community and can result in low morale and a diminished sense of confidence within the church.

The Diocese of Ballarat is committed to safeguarding children and vulnerable adults. This policy applies to everyone who is engaged in pastoral work within the Diocese.

This policy is intended to provide the framework for a uniform standard of best practice in safeguarding children and vulnerable adults. It highlights core principles, key church documents and legislation in this area. The safeguarding procedures are built around the following basic elements, namely, safe recruiting and selection processes, safe activities and environments and child-focused programs to reduce vulnerability.

The document applies to all clergy, religious, employees and volunteers in the parishes and Catholic agencies in the Diocese.

Policy Statement

Bishop Paul Bird has released a statement of policy relating to Professional Standards in the Diocese. The statement is a reaffirmation of the commitment of the Diocese to provide a safe and supportive environment for all. The statement is as follows:

“The Catholic Diocese of Ballarat is committed to providing a safe and supportive environment for people of all ages, with special concern for children, young people and vulnerable adults. This commitment is made in the spirit of Christ’s teachings on behalf the bishop, clergy, staff and volunteers who serve in parishes, schools, Centacare and other Catholic organisations in the diocese. The diocese will respond to complaints of unprofessional conduct in ways that reflect nationally established standards and protocols and ensure adherence to applicable legislation. We are committed to providing ongoing pastoral support to any person affected by physical, emotional or sexual abuse by church personnel.”

2
This policy is for mandatory implementation by the Church and its agencies throughout the Diocese of Ballarat. The Diocese aims to ensure that none of its personnel or volunteers engages in behaviour that could allow abuse to occur or actions that could be misinterpreted by children, their families or other adults as constituting or leading to abuse. We make every possible effort to safeguard against abuse and harm.
